"Since getting into these I rarely use normal glass ones. These are a bit larger, easier to hold onto and completely break proof. The colors offered are great, the price is fantastic and they clean easily. . . Worry free and fun to use!"

ASSORTED STRAW TUMBLERS

Silipint Straw Tumblers have remained a staple since day one. Whether you're headed to the office, entrusting it to the little ones, or soaking up the sun at the beach, these tumblers are the ultimate on-the-go cup that's versatile and unbreakable.

I like to get coffee on the go ... I had tried the insulated stainless steel travel cups, but I found that since I drink my coffee black, it would stay scalding hot for too long. The 16-oz Silipint with travel lid is perfect. It let's the coffee cool a bit faster ... and the outside of the cup is comfortably warm on my hand. No more burned tongue, no more wasteful disposables, and no added microplastics in my coffee to go.

LIFT YOUR SPIRITS WITH ROCKS & WINE

Our 12 oz Rock and Wine Tumblers seamlessly blend the timeless charm and style of traditional glassware with the practical durability and unbreakability of silicone. Pair these with our new 12 oz flip lid and you'll have the perfect sipping experience.

I love how these make a tight seal so I don't have to worry about my leftover spaghetti ending up all over my tote bag. There is plenty of room for any kind of leftovers you might have and obviously, there's room for a sandwich. I've had these in the fridge and put them right in the microwave with no issues. I bought the Aurora (which is lovely) and my spaghetti sauce initially stained the silicone but came off in the dishwasher by magic!

Bought these to see if they would be a good food storage solution for my mom. Needed something non-breakable and something that could go from refrigerator to microwave. These are great.
